

# THE FARM TRIBUNE

VOL X—NO. 42

PUBLISHED WEEKLY — PORTERVILLE, CALIFORNIA

Thursday, April 11, 1957

**PORTERVILLE'S CANTERBELLES**, who will appear Saturday and Sunday as an arena attraction at the annual Springville Rodeo, set for 1:30 p.m. each day of the coming weekend. The girls will present their precision mounted drill, under direction of Doris Karstaedt, that this year features a hurdle

jump. Top row, from left, are: Sue Knotts, Pat Meadows, Marilyn Keck, Barbara Calkins, Linda Hughes, Heather Cairns, Marleen Nagel and Brenda Santry; second row: Barbara Wicks, Cathy Reece, Sandi Kleam, Pat Wicks, Pat Hastings, Claudia Wilcox, Phyllis Nagel and Janice Calkins; insert, Linda

Hutchinson, president of the Canterbelle group; bottom row: Marian Beaver, Jody Hastings, Edwina Thompson, Judy Weisenberger, Jane Upton, Betty Schwartz, Cindy Hughes, and Karelin Karstaedt.

## DONATIONS MADE TO FAIR

**PORTERVILLE, Apr. 11** — Planning for the 1957 Porterville Fair, May 16, 17 and 18, is moving into high gear, with donations given this week, and with directors to meet tomorrow, 7 p.m., at Gang Sue's to hear a report on display space and program advertising sales as well as reports from various division heads.

Maurice Henderson, Angus cattle breeder of Porterville, has donated a feeder steer to the fair; the animal will be sold at the junior fat stock auction the afternoon of May 18, with proceeds to go to the fair.

And from the Ducor country, (Continued on Page 10)

## Dye Heads County Range Association

**SPRINGVILLE, Apr. 11** — Bill Dye, Springville cattleman, has been elected president of the Tulare County Range Improvement association to serve during the 1957 year; vice president is Claude Paregian, of Visalia.

Emphasis is being placed by the county association on two phases of range improvement—controlled brush burns and water development.

Program for 1957, as planned at present, will include two brush burns on 1,500 acres; eight burns on 3,650 acres and three burns on 580 acres for a total of 5,630 acres. Following the burns, range (Continued on Page 10)

## DISCUSSIONS SET ON TAX PROPOSAL

**PORTERVILLE, April 11** — A series of discussion meetings on the proposed 50-cent Porterville high school district tax that will be voted on May 17 has been announced by the Porterville PTA council for unit PTA meetings to which the public is invited.

School trustees will speak at these meetings, telling reasons why they have submitted a special tax, rather than a bond issue, for financing school facilities construction.

Major part of the meetings will be devoted to questions and answers.

Tonight a meeting is being held at the Westfield school; on April 16, the Alta Vista school; April 18, Doyle Colony school; April 22, Porterville high school and April 25, Bartlett cafeteria. All meetings are set for 7:30 p.m.

Anita Richards, president of the PTA council, says that the discussion meetings have been planned in order to give everyone a chance to form opinions on a basis of facts presented by school board (Continued on Page 10)

## Old West Lives Again; Two-Day Springville Rodeo This Weekend

**SPRINGVILLE, Apr. 11** — The old west will live again in Springville this weekend as the nation's top rodeo hands gather to compete for world championship points in the RCA-approved Springville rodeo, at the Gill arena on the Balch park road.

The two-day show will get underway at 1:30 p.m. on Saturday and Sunday, with the tough rodeo string of Johnny Jackson's, from Carson City, Nevada, providing opposition in saddle and bareback bronc riding, bull riding, calf roping, team roping and bulldogging.

Featured in the arena will be Joaquin Sanchez and Sherman Crane, clowns; Montie Montana, nationally-famous trick rider and roper; Porterville's Canterbelles, all-girl precision riding team, and, (Continued On Page 10)

## PLENTY OF FOOD AT RODEO

**SPRINGVILLE, Apr. 11** — There will be plenty of food available at the Springville rodeo grounds through Saturday and Sunday. Plans completed at a meeting of the Springville Farm Center Tuesday night assure an "inexhaustible" supply of barbecued beef and beans, 24 hours a day.

The Farm Center will have a ton of beef on hand, opening the foods concession early Saturday morning and serving until the two-day rodeo ends Sunday evening.

In addition, a number of other concessions on the grounds will be operated by various Springville civic organizations.

Members of the Springville chamber of commerce are inviting valley families to spend the week- (Continued On Page 10)

## Joe France State Winner

**VAN NUYS, Apr. 11** — Joe France, Porterville Future Farmer, yesterday morning won the California FFA speaking contest, defeating Jerry Gains, of Yuba City in the state finals. France will speak next in Albuquerque, New Mexico, to determine FFA speaking champion in the 11 western states.

## Hamilton Reelected Mayor; City Clerk May Be Named At Next Council Meet; Christmas Bell Hangs Along Avenue

**PORTERVILLE, Apr. 11** — His honor, the mayor is still his honor the mayor as Lester J. Hamilton was reelected chairman of the Porterville city council and thereby mayor of the city of Porterville, when the new city council organized Monday evening.

George Skilton, a new member of the council, who polled the greatest number of votes in the April 2 election, received two votes for mayor; Hamilton three votes. Councilman Jack Natzke was unanimously elected vice mayor.

The job of city clerk is still open; it is likely that the position will be filled at the next regular meeting of the council, April 16.

And just so the people could see what it looked like, a Christmas bell of considerable size, but debatable shape, graced an avenue

lamp post Monday night. Naturally, the bell, and more like it, is for sale, and if the Christmas spirit is expressed on the avenue next December by the way of said bells, someone will have to pony up six or seven thousand dollars.

Current drives along the avenue: Boy Scouts, Crippled Children, Cancer — all of them worthy and deserving of support. And Springville has completed sale of rodeo program advertising; the Porterville fair program ads are (Continued On Page 10)

## State Trapper Gets Biggest Lion

**PORTERVILLE, Apr. 11** — Lester Reed, state trapper, reported here this week that he took the largest lion that he has ever caught — 7 feet 3 inches, on February 17, near Oak Grove on the Mineral King road.

Reed was enroute into the Kern

river country on a survey trip to check the Kern Flat, Lloyd Meadow and Trout Meadow country for summer operation.

He said that if there is no more snow fall, he will "go to work" in about two weeks, concentrating this season more on elimination of coyotes.

**MEMBERS OF the Tulare County Cattlemen's association** named new officers at annual spring business meeting of the association held Tuesday at Berkshire's, in Porterville. Directors and officers, from left, are: Don Trueblood, Art Wardlaw, Jack Shannon, Keith

Evans, Kenneth Beck, Oscar Klein, Lee Gill, Tom Martinez and Dennis McGlothlin. Beck is the new association president; Evans is vice president; Gill is secretary; Klein is outgoing president, and Martinez is state association director from Tulare county. Also attending the

meeting was Bob Johnson, of Sanger, president of the California Cattlemen's association; county directors not present were Jim Stapp and George Hinkle.

(Farm Tribune photo)

**BARBARA BROWN**, 360 Esther street, Porterville, who is \$5.00 richer by virtue of being the Silver Bonus winner, Tuesday. But she missed on the big bonus, which was \$100, because she did not have a sales slip, dated Tuesday, from a Silver Bonus store in Porterville. Presenting the gift award is Chet Griswold, of Jones Hardware company, one of the Silver Bonus stores; for other stores, see the Silver Bonus pages in this issue of The Farm Tribune. **NEXT TUESDAY \$125 IN RIDING IN THE SILVER BONUS POT.** Read the rules on the Silver Bonus pages; shop Silver Bonus stores next Tuesday; someone's name will be selected — it might be yours. You win at least \$5.00, if your name comes up; if you have a sales slip when you are called between 6 and 7 p.m. next Tuesday, you're in line for \$125.

(Farm Tribune photo)

## Up N' Down WEST OLIVE

As the settlers push out of Los Angeles, so West Olive welcomes them. Look into the future of this avenue and you can see your own. Look what's happening — by next week there will be another new business in the planning stage.

This week: Estella Z. Boggs is back with us, after an absence of six years — back to help the avenue grow — this charming lady knows her real estate!

At the corner of: Olive and Riley, Ray Mills is building a modern thirst control station — a drive-in root beer and eating spot — the new Burchell stockyard is now located just west of the Tule river — on this side of Tule W. W. Pritett has expanded his used car lot.

Three year old: Teddy Edwin Bumgardner is the boss at Jerry's pan fried chicken place, the apple and orange of Russ and Jerry's eye.

Thirsty: Dave Ronnell used to serve drinks by the glass full at a local night spot — now he fills the same customers up by the tank full at Jim Baker's Texaco station.

Fishing: A "snozzle dog" from Lindsay jumped the setson by swallowing the proverbial "hook, line and sinker", Doc Dove of our Animal Hospital removed same by major operation — the pup is on the recupe list and doin' fine.

I was looking at: that neat min-

ature stand-up restaurant, Pete's Chilli Pups. Workmen were clearing the way for that new Purity super market and the kids were playing that hit ballad "Lil Darlin'" on the juke box.

Did you know: there should be a sign on the corner of Carmelita Way and Olive saying — "City Limits?" There are over 50 business places from this city limits to Jones' Corner? That Minnehaha comes after Minneapolis in the dictionary?

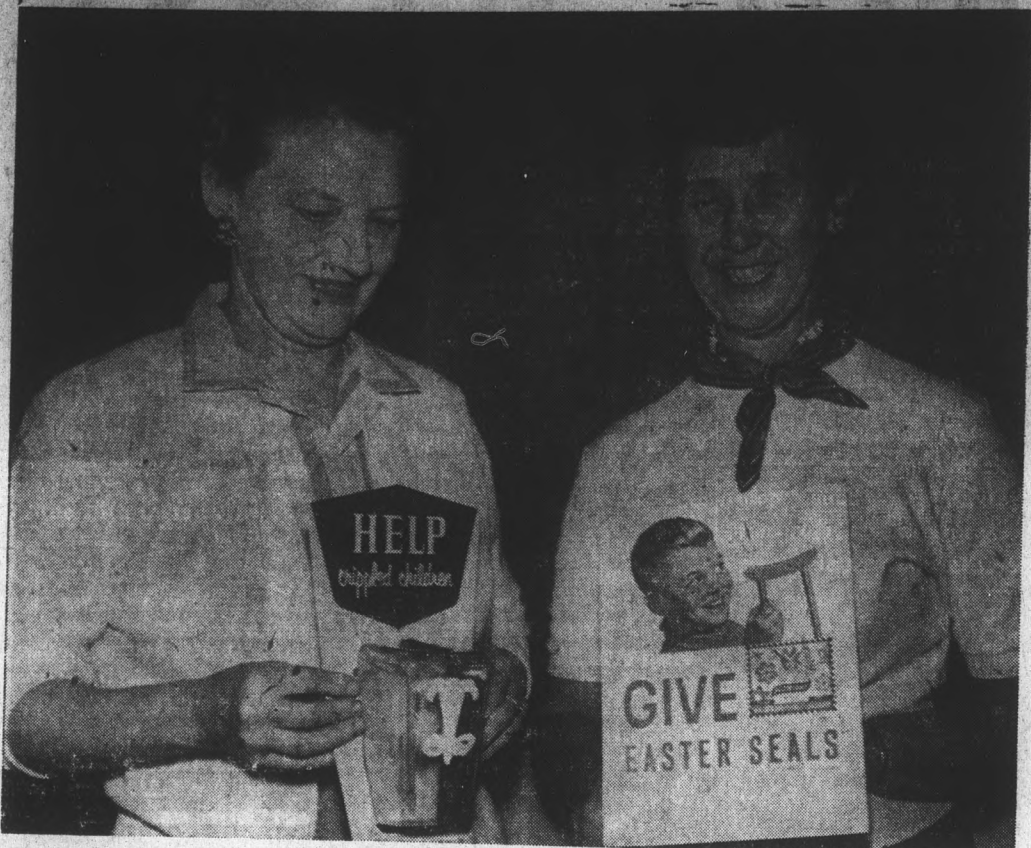

I noticed: Prandini's dining room is closed for spring remodeling — that house on stilts just north on Cline avenue has the neighbors wondering — mee too! — two wagon wheels from an old Hangtown stage coach have been added to the Wagon Wheel Motel collection.

"Mummy, does the Easter bunny really lay those big eggs? . . . Hush dear, and go to sleep.

## SCIENCE STUDENTS ON FIELD TRIP

PORTERVILLE, Apr. 11 — Seventy students from Porterville high school science classes will make their 10th annual field trip to Los Angeles on April 18, to visit the Griffith Park zoo, the Los Angeles county museum, the Griffith park planetarium and other points of interest. They will be accompanied by Miss Gladys Perry, Clarence Toole and Robert Donaly.

U.S. Standards on commercial grades of concentrated, canned grapefruit juice became effective March 20.

MRS. FRANK HALLFORD, left, last year's Easter seal chairman for Porterville, and Mrs. Ralph Aldridge, this year's chairman, join in urging generous support for the current fund raising drive to pro-

vide for the needs of our crippled children and adults. Saturday, Apr. 11, will be Lily Day in Porterville. The Rainbow Girls of Porterville and their adviser, Mrs. John Baker, will receive contributions on the

street in exchange for miniature lilies to be worn as symbols of hope and help for the crippled of Tulare county.

## OUR TOWN

SPRING IS THE SEASON for lovers and baseball. We're more interested in baseball. Sportswriters will devote reams of spectacular copy to sore arms, aching backs and best forgotten predictions and will try to out-do each other coining phrases such as "Splendid Splinter", "Yanke Clipper", etc.

In our town the High School and College teams are playing regularly; winning sometimes and building character other times. Little League and Babe Ruth League try-outs are underway, so baseball enthusiasm runs high.

IN JULY BOTH THE TEMPERATURES and tempers will start to rise as the Leagues get into play. Proud parents will be sure that their offsprings' big league abili-

ties are not properly appreciated. Harrassed coaches will be wondering if their ace players will show up, or if they have absent-mindedly wandered off on a picnic. And the umpires will be receiving unflattering comments from all concerned.

BASEBALL IS A COMPETITIVE game and should be played as such. Each team should play to win and not make a tea party of it. We think the kids understand this and enjoy it, and if it's left to them, the game will go on for a long time. Best advice to parents is to grin and bear it and keep their comments to themselves. We don't want to turn the Little Leagues into a parental donnybrook and ruin the program. This happened to a League down South, and as far as we know, baseball is dead, but the feud goes merrily on.

OUR CHAMBER OF COMMERCE is a very busy place indeed. Manager Alan Coates can be caught almost any time of day extolling the virtues of Porterville. Coates also has an amazing pre-

occupation with roads and highways. Get him on the subject, and he practically enmeshes our town with roads and highways. Somehow, this concern never gets down to the streets now existant in town. There are only two thoroughfares that will take you through town East to West, or if you are on the other side, West to East. These are Morton and Putnam. Every other street has to play leap frog with either the Santa Fe or SP tracks. We suppose the moral is to travel North and South.

VALENCIA ORANGES are rolling out of town to the export markets now. These have a fine, full-bodied flavor that brings only a few tears to the eyes. In all our talk of industry in our town, we sometimes overlook the fact that the citrus business is a regular pillar of our economic well-being. It's big business with capitals. If all the oranges produced in this community were laid end to end . . . I'd think someone was crazy.

## FINS FOR FEATHERS

By PHIL the FORESTER

Adverse weather conditions, mainly high winds, has all but eliminated ocean salmon fishing but weather is expected to be more favorable before the week is out. We recommend that anglers phone party boat operators before taking off on a salmon fishing trip.

Striped bass fishing also suffered a setback because of the miserable winds. Stripers seem quite plentiful however for those who brave the elements. The fish are definitely up stream with smaller ones remaining off China Camp. The Napa has been producing, mostly small and Montezuma Slough has been fair for bigger game. Fairly good on the San Joaquin in the vicinity of Antioch and down. Indian slough east of Brentwood has a striper population, ditto Steamboat and Cach-

ASSISTING WITH early planning, and now working in the current funds drive of the American Cancer society in the Porterville area,

es sloughs. Rio Vista on the Sacramento has been one of the better spots when the wind allows. The San Joaquin around Santa Clara and San Andreas shoals has been productive. But look for the old striped bass up river after the current winds subside.

San Joaquin valley warm water fishing conditions has also been suffering from too much wind. Few trout are reported from Pine Flat but small mouth are being taken. Trout continues good on Isabella for big fish along with plenty of bass, crappie and catfish. Fishing on the lower Kern has improved too.

The lower Kings river west of Lemoore has been producing good bass, crappie and catfish.

Mariposa county reports improved fishing on Lake McClure. A few bass are coming from Ramona Lake in Merced county.

Frogs are reported abundant over most of the entire valley. The bag limit is 24 and they must be four inches long. An angling license is required for the taking of frogs which may be taken night or day.

Good mid-day clamming tides this week and plenty of abalone will be available too.

The muzzle loading fraternity will stage its four day state shoot in Fresno at the Fresno Skeet and Trap Club starting Thursday.

Woodward reservoir in Stanislaus county has been stocked with 3,500 channel catfish, the first

are, from left: Judie Barnhart, Beverly Cameron, Loren Schmid, Mamie Saak, Bill Bennett and Margaret F. Rodgers. Some 40 per-

time this species has been tried in such waters of this area. The fish were called fingerlings but run from six to seven inches in length. About 600 really big adult black bass were also planted in the reservoir which was chemically treated last winter to remove the hundreds of tons of carp, squaw fish and hardheads.

### Phosphate May Boost Hay Profit

VISALIA, Apr. 11 — New hay on many types of soil will respond to phosphate fertilizer, according to Farm Advisor Bill Sallee. Best way to tell whether or not phosphate is needed is to apply in a few checks, then compare production on treated and untreated parts of field. If yield is increased, remainder of the field can be profitably treated.

### State Income Tax Deadline Monday

SACRAMENTO, Apr. 11—State income tax returns must be filed on or before Monday, April 15, it is called to attention by Robert C. Kirkwood, chairman of the Franchise Tax board. Single individuals who earned \$2,000, or more, and married couples who earned \$3,500, or more in combined income, must file.

## We Only Heard

By BILL RODGERS

**DICTATORIAL, PRESSURE** politics, with social philosophy rather than law as the underlying factor, has forced the Ivanhoe Irrigation district to concede to threats from the bureau of reclamation and join in an appeal to the United States Supreme Court of a California Supreme court decision that held that the 160-acre limitation clause in bureau of reclamation water contract with the district is invalid.

**THE SITUATION** is this: After several years of litigation concerning the validity of the Ivanhoe water contract, that includes the 160-acre clause, the county Superior court held that the clause was invalid; the state Supreme court upheld the decision of the lower court, which carried the matter through the state's highest court.

**THIS SHOULD** be good enough for all concerned, but not so. California Attorney General Edmond G. Brown jumped into the act with the declaration that the state of California would appeal the state court decision to the United States Supreme court. He backed down a little when directors of the Ivanhoe district said they were not interested in appealing, because, among other things, of the money involved. Brown solved that one

quickly by offering to have the state of California carry the financial burden. Ivanhoe directors were still not impressed, that is until they got an ultimatum from the head of the bureau of reclamation saying that unless the appeal was carried to the U.S. Supreme court, no water would be delivered to the Ivanhoe district.

**SO, BACKED** against the wall, Ivanhoe directors had to concede, Tuesday, and agree to join the appeal that is planned by Brown, representing the state of California.

**WE CAN** only conclude that Brown is interested in an appeal because one of the sacred cows of the social theorists is being threatened — the idea that government knows best — that government should tell a man how many acres he should be allowed to put water on — that government has proclaimed that 160 acres is enough for anyone.

**WE ARE** sure that Brown would not have appealed if the state court decision had upheld the 160-acre clause, yet if the issue is not settled by state court decision that invalidated that clause, it would not have been settled if the decision had gone the other way.

**AND CERTAINLY** W. A. Dexheimer, head of the bureau of reclamation, with all of his legal reasons for cutting off Ivanhoe water, is also thinking primarily in

terms of social theory, for the bureau has delivered water to Ivanhoe during the period of litigation, and might well continue to do so, rather than to force the issue by dictatorial threat.

**IT'S AN** old story: The bureau of reclamation, which is an agency of government and therefore a servant of the people, setting itself in the role not for servant, but of dictator, then, through legal technicalities, and outright bulldozing, making its threats stick. And now Mr. Brown is joining in, unwilling to accept the decision of the highest court in the state judicial system that, as attorney general, he is supposed to head.

**AND MR.** Brown is unwilling not because of legal technicality, but because of social theory. It's a sad — and dangerous situation, when agencies of government become more powerful than the people they supposedly represent.

**BUT THERE** is still hope. The U.S. Supreme court may refuse to review the Ivanhoe case, or it might uphold the California court decision. Since it is California water and California farmers involved, the sensible approach is to accept the California court decision, then, through congressional action, change the reclamation law to conform.

**WE REPEAT** again that the national reclamation law should be amended to exclude the central valleys of California, and any other areas that are developed before a federal project comes in, from the 160-acre limitation. For such an amendment would be basically just.

**BUT OBVIOUSLY,** there are those who place theoretical social philosophies above common justice.

### STUDENTS ATTEND BUSINESS MEETING

**PORTERVILLE, Apr. 11**—Noel Beaty, Gene Hill and Steve Puckett, accompanied by Mrs. Wenona Phelps, chapter advisor, represented the Porterville high school chapter of Future Business Leaders of America at a state convention held recently in Palo Alto.

### Soil Bank Farmers Must Comply With All Requirements

**VISALIA, Apr. 11** — Farmers who have included cropland under the Soil Bank's Acreage Reserve program for cotton should remember that they must comply with all requirements of the program in order to qualify for the cotton payments, Ralph Ainley, chairman of the Tulare County Agricultural Stabilization and Conservation committee, said today.

"This means, for instance, that a farmer who expects to earn payments under the cotton Acreage Reserve program must also comply with the rice allotment for his farm if there is one. Farmers should not overlook the fact that they must also comply with acreage allotments for other 1957 crops to be planted this spring in order to receive a wheat Acreage Reserve payment."

Where a farmer willfully and knowingly harvests or grazes designated Acreage Reserve land, the payment is forfeited and in addition he is subject to a civil penalty of 50 percent of the payment which would have been made for compliance. If the payment has been made when the violation occurs, the amount of the payment

must be refunded.

Farmers who take part in the Conservation Reserve of the Soil Bank must also comply with all acreage allotments for their farms in order to qualify for the Conservation Reserve payments.

### EASTER PARTY AT HOSPITAL

**PORTERVILLE, Apr. 11**—Easter ward parties are being planned at Porterville State hospital, with persons interested in assisting asked to contact Bob Slover, coordinator of volunteers, SU 4-2000, extension 231. It is stated there is an immediate need at the hospital for a used piano, three standing ironing boards and Boy Scout uniforms.

Daybell  
Nursery

By John

As usual this time of year sprinkler season has arrived and as usual we have a bunch to peddle. These include many shapes and sizes and from the looks of some we suspect the sprinkler manufacturers spend their rainy days dreaming up new gadgets.

These are being dressed up mighty pretty with gold plate, streamlined pieces, and are guaranteed to do everything except turn on the faucet. Others are just the plain, old fashioned varieties that look just like they did in Grandma's day. They have plain, simple names such as shower, fountain, and twin to go with their plain prices for around seventy-five cents.

The newer types have more modern names like Water-Bob, Rain King, Rain Mate, Swingin' Spray, and a real odd-ball called Owl Eye. They also have more modern prices starting at two ninety-five and going up, and up, and up.

Amongst all these good, bad, and peculiar ones is one suited to your good, bad, or peculiar yard and we offer you a free home demonstration on any. Take it home, try it, and if it isn't the one, try another. We have enough kinds you can keep borrowing all summer and never have to buy one. We also have garden hose which is mighty good for getting water from the faucet to the sprinkler, washing the car, or storing marbles in.

Vol. X — No. 42

Commendable is the action of the Porterville PTA council, and the various PTA units, in setting up public meetings to discuss the proposed special 50-cent tax that will be voted on May 17 to finance construction of facilities at Porterville high school.

School trustees, who you and I elected, will "carry the ball" at these meetings, discussing various issues: Tax vs. bond, building program priority, outlook for the future, immediate needs — in fact anything that anyone wants to talk about.

Major part of the meetings will be devoted to questions and answers, and, certainly, the answers will be just as straightforward and accurate as it is possible for school trustees to give.

We hope that every voter in the high school district attends one of these meetings; in fact, we'll put it stronger than that. It's your money, it's your school, it's your children, or perhaps your children's children, who are involved. If you have any sense of civic responsibility at all, you will make it a point to enter into one of these discussion meetings.

There is one point that we all must agree on: Something has to be done at Porterville high school to correct a bad situation in so far as the physical plant is concerned.

An opportunity is being provided for everyone to gain information on the problem and the proposed solution. You owe it to yourself, to your community, and to your children to take advantage of these meetings.

## WILLIAMS' SENATE COMMITTEE TRIMS \$4,000,000 FROM CALIFORNIA BUDGET

SACRAMENTO, Apr. 11 — A total of almost four million dollars has been cut from the California state budget, according to a statement by Senator J. Howard Williams of Tulare county, chairman of a Senate sub-committee of the Senate Finance committee studying the budget.

Most of the cuts have been in items of capital outlay for construction, and have resulted from refiguring of construction cost estimates as requested by Senator Williams.

"None of the cuts", said Senator Williams, "have been made in services needed by the public and I feel that the budget will provide the services that citizens of California need. The budget as presented to us contained very little beyond amounts necessary for essential governmental functions, and these reductions have been achieved only through careful work by the committee."

The Senator expects the budget to be ready for Senate debate by the end of April.

Meanwhile the usual special ap-

propriation bills which cannot be passed until the budget bill is passed and signed by the Governor have been piling up. Little hope of their enactment was seen by Senator Williams.

"There is well over a half billion dollars involved in these special appropriation bills", he said. "No such sum as that can be appropriated without sharply increasing taxes, and I think very few people are in a mood for increased taxes now."

## DOYLE COLONY

By George A. Heintz

A twenty-one gun salute to diplomats Roscoe Sparks of the Power Company and Bob Board of our Telephone Company! — between them THAT combination power pole hazard on E. Date has been moved — now, if they could only get the same sort of cooperation from our state and county officials regarding safety out this way — well?

Speaking of 21: Gloria Roeth celebrated her twenty-first birthday at a gathering of over a hundred friends and neighbors — never saw so much barbecued beef stowed away since I left the ranch! Happy Birthday, Gloria!

Rodeo time: With the exception of ropers, cowboys do very little practicing. For who wants to practice for an airplane crash. So, practically all real fast action is completed spontaneously, and in many cases spontaneous combustion! Springville, here I come — Have you seen: those little red-

wood wheelbarrows to put plants in made by energetic Bill Banford at his Redwood Novelty shop? — sell a lot of 'em.

Of course: after vacationing in Palm Springs and browsing with millionaires and Hollywood beauties, Jno Purnell is having difficulty settling down to our slow motion community again.

Personally: I'll buy a cigar if you ever catch Gene Warnack, druggist, when he hasn't got a kind word for somebody or something!

I noticed: A Mrs. Ann Pfost, a Barney Snow, a Mrs. Edna Hom-dew and a Tom Spray living out this way.

It is said: A certain business place along the street should have more RESPECT for a State license that hangs on his wall.

Did you know that: Paul Yost, 13 years old, who lives on Crab-tree Lane, is one of the youngest licensed radio operators in the state?

From the Tule Reservation: "When belly is full, ears are more willing to listen", now I understand these Rotary luncheons.

## The Farm Tribune Silver Bon

Each week The Farm Tribune will awarded to the winner of a great contest. Porterville trade area, 18 years of age or over.

Secure an official entry blank from or from The Farm Tribune and complete with your name and address. No additional words or less:

"I am glad I trade in Porterville because"

Entries will be received at Silver Farm Tribune. All entries will be judged by a panel of judges. The person who, in the opinion of the judges, entry, will be declared the winner and event of a tie, duplicate prizes will be awarded.

A Silver Bonus representative will contact the winning contestant, or phone, the evening of Tuesday, between the hours of 6 and 8 p.m. If the contestant is not at home, the Silver Bonus representative will call the Tribune office and receive his \$5 award.

If the winner is at home to receive his prize, he must produce proof of purchase or payment of the Silver Bonus Day — from a Silver Bonus store. He will be eligible for a bonus award according to the amount of sales slips.

If sales slips amount to more than the entire bonus.

If sales slips amount to less than one-half the entire bonus.

Whatever part of the award is not added to the next week's bonus. The entry will be paid regardless of whether the winner is at home or not.

Entries will be judged principally on the basis of sincerity and quality of thought. Under no circumstances will judges be permitted to know the names of the contestants.

All entries become the property of The Farm Tribune. The decision of the judges is final.

Employees of The Farm Tribune and their immediate families are not eligible to enter the contest. Owners and employees of Silver Bonus Stores can win the Silver Bonus award with sales slips from stores other than that with which they are connected.

## Silver Bonus Contest Rules

The Farm Tribune will appropriate \$25 to be used for a great contest. Persons residing in Porterville and years of age or over are eligible.

Try blank from any Silver Bonus store and complete this sentence in 25 words or less.

Porterville because....."

Prizes will be awarded at Silver Bonus stores or at The Farm Tribune. Prizes will be judged each week and the winner of the judges, has submitted the best entry and will receive \$5. In the event of a tie, prizes will be awarded.

A representative will call at the home of a winner, the evening of each Silver Bonus contest of 6 and 7 and will award a \$5 prize. If not at home he may call at The Farm Tribune and receive his \$5 award.

Prizes will be awarded on the basis of their sales. Payment on account that Silver Bonus stores or stores, then he is awarded according to the following schedule:

For more than \$5 he will be awarded \$5. For less than \$5 he will be awarded \$2.50.

The award is not given in any week will be given. The \$5 prize for the best sales. The \$2.50 prize for the best sales.

Prizes will be awarded on the basis of their sales. Under no circumstances will the names of the person submitting be given.

The property of The Farm Tribune and is final.

The Farm Tribune and their immediate families enter the contest. Owners and employees will win the additional awards only on the basis of their sales.

## WAGE RATES SET FOR SUGAR BEET WORKERS

WASHINGTON, D. C., Apr. 11—California, and other western states producers of sugar beets will pay the following wage rates to workers: Those agreed on by producer and worker, but not less than 75 cents per hour for thinning, hoeing or weeding, and 80 cents an hour for pulling, topping, loading and gleaning.

These wages, announced by the U.S. department of agriculture, are five cents per hour higher than in 1956.

## THE OLD DAYS

DECEMBER, 1900

The Hanford Sentinel wants a law passed prohibiting the carrying of pistols. Such a law would be the proper thing, if there was a sentiment in the state to enforce it.

A lad named Mills, attending the Saucelito school, while returning home after school was dismissed, got lost in the fog. Search parties were out, but the boy finally reached home after being lost about three hours.

Mr. Bingham, of Los Angeles, is investigating the matter of starting a skimming station at Woodville.

After lying idle for 17 years, the Big Blue mine at Kernville is to be reopened, according to Marshall Long and B. T. Price, who represent the company that recently purchased the property.

Mrs. Anna Mills Johnston, of Visalia, entertained the Inter Se Circle, a literary club of Porterville, with a lecture on the Pas-

sion Play at Oberammergau, which she witnessed herself.

A. D. Cridge, organizer for the Woodmen of the World, is stopping in Porterville for a while, working up interest in the camp here. On the 14th instant the Porterville camp will have a big meeting and banquet.

Coyotes have become so numerous in Tulare county that farmers find it almost impossible to raise chickens or turkeys, and young pigs are gobbled up too. Something will have to be done about this.

R. W. McFarland will succeed Robert Baker as county supervisor when the board meets in January.

E. C. Scruggs, of Poplar, who has been quite ill, is now on the road to recovery.

## SPRINGVILLE NEWS

By Winnie Gage

The Tulare-Kings County Hospital Auxiliary's second annual meeting on Friday, April 12th at the Springville T. B. Sanitarium will start with brunch at 11:00 o'clock, followed by a program in which Dr. Wm. Goard of Porterville State Hospital will be the speaker. Dr. W. A. Winn will present pins to the women who have completed 100 hours of service in the Auxiliary.

Weekend ugsets of Mr. and Mrs. Nels Miller were Mr. and Mrs. Richard Henson of La Canada.

Mr. and Mrs. Earl Kenyon visited a few days in Las Vegas last week.

Mr. and Mrs. Earnest K. Rutherford are announcing the birth of their first daughter born March 5 in Porterville hospital. She has been named Karol Ann and weighed 11 pounds. Earnest, who has been stationed with the Air Force in Hawaii, arrived here one hour after his daughter did. The maternal grandparents are Mr. and Mrs. Charles Hensen and paternal grandparents are Mr. and Mrs. Austin Rutherford of Walker Basin.

Earnest is on a 25 day leave and then will take his family to Alta Air Base in Oklahoma, where he will be stationed next.

Mr. and Mrs. Gordon Rose are announcing the birth of their second daughter, on March 5, in Porterville hospital. She has been named Amy Annette and weighed seven pounds, four ounces. Mrs. Rose was formerly Gail Sampler, daughter of Mr. and Mrs. E. A. Gabriel.

Earl Kenyon has sold part of his property on Highway 190 to Hugh Gordon. It includes some of the ranch formerly known as the Andy Padjen ranch on Bogart Road, one mile south of Springville.

Mrs. Lucille Herbert and Mrs. Winnie Gage attended the ninth annual Hobby Show in Los Angeles Saturday and Sunday.

## ADEQUATE WATER NEEDED BY NEW STANDS OF ALFALFA, ACCORDING TO FARM ADVISOR

By William E. Sallee  
Farm Advisor

VISALIA, Apr. 4 — New alfalfa should not be allowed to stress for moisture. Lack of available moisture retards growth, limits root development and makes the young alfalfa plants more susceptible to mildew and leaf spot disease.

Checking the moisture with a shovel is an easy way to find out if an irrigation is necessary. If

the surface soil is dry and the soil in the root zone of the small seedling will crumble easily and will not form a ball, (not true on very heavy clay soils), by squeezing in the hand, moisture is needed by the plant. Stress for moisture is indicated when the young plants have a grayish dull color.

A light irrigation is adequate for young hay as the roots have not developed to lower depths. Heavy irrigations on young hay can cause fungus diseases to develop such as Phythphthora, (root rot), and cause serious damage and is wasteful of water.

## Burton 4-H Club Presents Program

BURTON, Apr. 11—Burton 4-H club will present the program at a meeting of the Burton Farm Bureau center being held tonight at the Burton school. Dress revue, slides showing club projects, and singing will be featured. Refreshments will be served; presiding will be G. Carl Weisenberger, center chairman.

## Junior Class Play Friday Night

PORTERVILLE, Apr. 11 — A three-act comedy, "Who's Batty Now", will be presented by the junior class of Porterville high school tomorrow evening in the memorial auditorium. In the cast are: Brenda Dossey, Pat Stater, Mary Hickie, Bob Neufeld, Dee Anna Mantooth, David Beavers, Sonia Encinas, Claudia Haulman, Delores Standlee, Jim Erwin, Inez Billings and Terry Tanner. Director is Kenneth Roe.

Citations are being issued to fishermen who fish Kern river above and below Lake Isabella; the lake is open all year; waters above and below are not.

Sale of fishing licenses for the first three months of this year was 49 per cent greater in southern California than last year.

**EASTER LILY  
DAY SATURDAY  
IN COMMUNITIES**

**VISALIA, Apr. 11** — Saturday, Apr. 13, is Easter Lily day in Tulare county. This will be the day when residents of all communities will wear miniature lilies, symbols of hope and of help for crippled children and adults.

Sponsored by the Tulare County Society for Crippled Children and Adults as a part of the current Easter Seal campaign, Lily day will feature volunteers stationed throughout shopping centers in the county, offering the symbolic lilies and accepting contributions to help crippled children.

Contributions benefit the handicapped in two ways; the tiny lilies were made by handicapped people as part of the employment services maintained by Easter Seal societies; and proceeds from the sale of the lilies will benefit local crippled children and adults by swelling Easter Seal campaign funds.

**500 Attend  
Clothing Day**

**VISALIA, Apr. 11** — More than 500 persons received information on buying, and care of clothing, at a Clothing Information day held last week at the civic auditorium in Visalia. The day was sponsored by the Tulare county staff of the Agricultural Extension service.

**GREGG CERTIFICATES  
TO STUDENTS**

**PORTERVILLE, Apr. 11** — Pat Young and Virla Hughes, senior students at Porterville high school, have received the special Gregg Certificates of vocational competency for typing and shorthand. These are the first such certificates won locally, according to Mrs. Marjorie Bate, business department chairman.

Harvest of a small acreage of lettuce in the Delano district is now underway.

**DIAMOND STAR  
AWARDS TO BE  
MADE NEXT WEEK**

**VISALIA, Apr. 11** — Announcement of the four winners of the 4-H Club Diamond star award will highlight the opening day of the 17th annual 4-H All-Star conference to be held at the University of California at Berkeley, April 14 through 18, according to Betty Warmuth, Tulare county 4-H home advisor.

Marsha Loar, Oakdale 4-H member, and 1955 Tulare County All-Star, was selected as one of the twelve 1957 Diamond Star candidates. She is a home economics major at the University of California at Davis.

The four Diamond Stars, who will be selected from twelve outstanding 4-H Club girls and boys, will represent California at the National 4-H Conference in Washington, D. C. in June.

Attending the All-Star conference from Tulare county, will be Judy Williams, Oakgrove 4-H member and home economics major at the University of California at Davis; and Richard Kramer, Earlimart 4-H member and senior at Delano Union High school.

Two members who are eligible to attend the 1957 All-Star conference but are unable to do so are: Willa Jean Lane, Taurusa 4-H member, and Robert Zimmerman, Ducor 4-H member, who is serving in the United States Army, stationed at Fort Gordon, Georgia.

## Dopations Made

(Continued from Page 1)

Henry Owens has sent in a \$50 contribution check.

From the publicity standpoint, arrangement has been completed through Stanley Trueblood, manager of the Tulare County Fruit Exchange, to have Nelson McInich, Sunkist farm reporter and noted west coast radio farm commentator, again broadcast from the Porterville fair grounds. He will be in Porterville May 16.

In past years McInich has given a great amount of publicity to Porterville, both prior to the fair and during the fair.

Throughout the Porterville and Strathmore high school district, 4-H club members and Future Farmers are putting the final finish on fat animals that will be shown and sold at Porterville.

Indications are that, as in the past, fat classes will be as good as any seen at any show, regardless of size, in the state.

New features of this year's fair will be an Arabian horse show the afternoon of May 16 and a Quarter horse show the afternoon of May 17. Classes in both shows will be at halter; winning animals will be paraded as a feature of the grandstand circus that will be presented nightly.

## Discussions Set

(Continued From Page 1)

members. She urged that all voters within the high school district arrange to attend at least one of the meetings.

Other meeting dates will be announced for May.

Harvest of winter celery has been completed with exception of small acreages in Kern and San Diego counties.

## Old West

(Continued from Page 1)

on Saturday only, at 1 p.m., the Tulare high school Redskin band, that topped its class in the January inaugural parade in Washington, D. C. Announcing the show will be Jack Weldon, of Santa Maria.

Plenty of food will be available at the rodeo grounds throughout the weekend. The Springville Farm Bureau Center will have 2,000 pounds of barbecued beef on hand, and soft drinks, candy, hot dogs and other items will be sold by members of several Springville organizations: Boy Scouts, Parent-Teacher association, Cub Scouts, 4-H club, Springville Grange, Springville chamber of commerce, the Volunteer Fire department and the Lions club.

Two thousand new bleacher seats have been added at the arena, to bring seating capacity to nearly 6,000 persons; road and parking area have been improved to facilitate handling of the crowd.

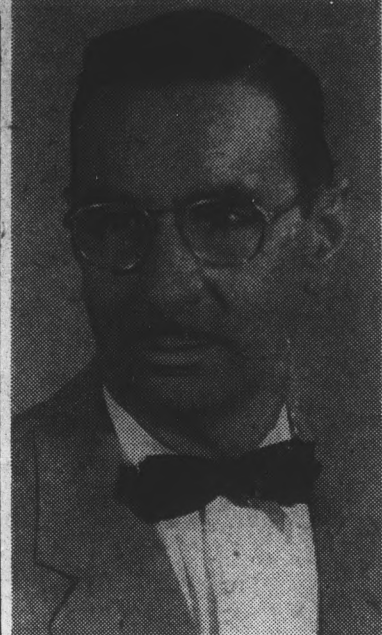

Weekend program actually starts Saturday morning at 10 o'clock with a western parade; following the afternoon rodeo, Queen Claudia Haulman will be honored at a 7 o'clock dinner at the Springville Memorial building; at 9 p.m. Cousin Herb and his Trading Post Gang will open shop on the community center slab to provide music and entertainment for an old fashioned western dance.

Springville chamber of commerce, organization that sponsors the annual rodeo, is extending an invitation to valley families to spend the weekend at Springville, camping out, or picnicing in the vicinity of the Gill arena, and enjoying the colorful foothill country at its spring best.

## TEMPERATURE OF SOIL IS IMPORTANT

VISALIA, Apr. 11 — Minimum planting temperature for cotton is when the soil reaches 58 degrees at an eight-inch depth at 8 a.m. for at least three consecutive days, with an outlook for favorable weather, according to Farm Advisor Alan George.

Experience has shown that it does not pay to plant at a lower soil temperature, it is stated; if temperature is 65 degrees, plants will emerge from the soil faster.

ENOS J. SANTOS, who will be honored by Tulare county's Portuguese people on the 20th anniversary of his radio "Portugal Hour Program" at a dance to be held Saturday evening, April 20, at the old memorial hall, in Tulare. Proceeds from the dance will go to the United Cerebral Palsy committee of Tulare county. The public is invited to attend the dance.

## Dye Heads

(Continued From Page 1)  
grass will be seeded in the burned areas.

The association is also on record favoring the development of buffer zones, or strips, along the forest reserve line in the higher foothills. Brush in these buffer strips would be removed by controlled burn, or other methods, during seasons of low fire hazard, and then seeded to grass.

The buffer strips would serve as fire breaks in case of accidental fire, and also would be used in the controlled burn program.

Future events planned by the Tulare County Range Improvement association included a field day, May 17, at the Keith Manley ranch in Eshom valley and a tentative meeting with the State Board of Forestry in Visalia on May 16.

Experiments at Davis indicate that common house flies breed about as fast as new methods are devised to liquidate them.

## Hamilton...

(Continued From Page 1)  
well along, and the Orange Belt Saddle club program advertising campaign is beginning to move. Ah yes, spring again.

Want to run for a school board? Filing deadline for the May 17 election is April 17. Mrs. Virginia Smith will not seek reelection to the Porterville Elementary board; Vernon Gill is so far without opposition for the one vacancy on the high school and college board.

Five classroom unit construction contract at West Putnam has been let to Fidler and Dorel, of Tulare, for \$60,604, or \$9.19 per square foot.

The 178-acre Charles Cummings property opposite Porterville college has been sold to Dr. M. I. Schultz, of Glendale. Harry J. Johnson company handled the deal.

Ground is being cleared at Olive and F street (former Gobel town) for construction of a quarter million dollar Purity store.

Porterville merchants are considering a sales promotion to tie in with National Cotton Week, May 20 - 25.

Mrs. Pete Wells is the new Porterville city women's golf champion.

James B. Kennedy and R. B. Sullins received the third degree, I.O.O.F., at Orosi, Tuesday evening. Eleven lodge members attended from Porterville.

Hottest item at the coffee counters — city purchase of a strip of property at Main and Olive that was completed recently. More on this later — perhaps.

## Project Tour At Vandalia

VANDALIA, Apr. 11—Members of the Vandalia 4-H club are taking a project tour this afternoon, with the tour to end at the Ralph Gunderson home, where refreshments will be served and a club meeting held.

## Cal Aggie Picnic Day

DAVIS, Apr. 11 — A parade, special exhibits, horse show, water extravaganza, fashion show and intercollegiate swim meet are some of the events that will feature the 44th annual picnic day on the Davis campus, Saturday, Apr. 13.
